“ *Mr. Basinger,*

You were truly one of the most caring, funny, and kind people I have ever met. I can't even begin to explain the impact you had on me and every other student that you have taught. We all appreciate your constant support and humor (and hilarious Spirit Day outfits), and you will be so incredibly missed by everyone who knew you.

“ John was one of the first people I met when I moved from Pennsylvania to Virginia over 20 years ago. I’m glad we kept in touch after he moved back home. It was great to hang out with him and Rodney at the alien festival. I only wish we would’ve visited more. Rodney, you’re more than welcome to come down to Virginia again to visit. I’m sure Anthony would love to see you again. I’m sorry I am unable to make it up there for the service, but I will be thinking of you and the family. Stay strong. We will always remember the smile on John’s face and his friendly and caring personality. Michele Urban

“ John was more than just a colleague; he was a wonderful teacher and a cherished friend. Our lunches together and chats in the faculty room will not be the same without his warmth and humor. And who could forget his fantastic costumes on Halloween and outfits during spirit weeks! Those math puns always brought a smile to everyone’s faces. Sewickley has lost a truly special individual. Rest in peace, my friend.

John,

You are certainly leaving a huge void in the family and my heart. Many fond memories through the years. And you playing Santa for Virgil's family.

I'll miss your sense of humor! I always think of you every time I hear "Whew Hoo!"

“ *John was a wonderful colleague, dedicated and beloved teacher, and just plain fun to be around. As talented as he was in mathematics, it was his genuine interest in students that allowed him to connect on a deeper level. Kids knew that John cared about them. My fondest memories are the everyday conversations we had in the Sewickley Academy cafeteria with many of our Senior School faculty friends, many of those conversations about Rodney who he loved with his whole heart. Sending condolences to his friends and family.*

“ *John was the gentlest and most humble person. He patiently worked with my children teaching them calculus. He was always enthusiastic and positive even when I would have been frustrated with them. I know he loved Rodney with all his heart and was wholly committed to him. I am certain that John was a blessing not just to our family but to all with whom he came in contact.*
