“ *their childhoods + Especially their accomplishments as Adults She was very proud of them and deservedly so. As a Mom to every related child She took them everywhere Idlewild, camping swimming you name it and doted on them all as if they were her own. All of those childreíllí her íllí loving soul for their entire lives. I've had the privilege of being Rebeccas best friend for the last 3 years and I've never known anyone with such a giving loving way about her quietly caring for others without expecting any accolades She was loved and will be missed for all time.*

“ *My sister Becky was so much more than a pharmacy tech who liked to draw. My sister lived for her kids. She spent all of her spare time giving them all that love and attention. She took them camping, and to Kennywood and Idlewild, to the zoo and everywhere else they wanted to go. And not just her own kids either. Her nieces and nephews all have fond memories of Aunt Becky. She made everything special from birthday parties and holidays to cookouts and just making some apple butter on a Sunday. She gave so much of herself to everyone around her that she didn't have much time left for other things. So yes, she was a tech who liked to draw but my sister Becky was truly one of the greatest people I know and she was surrounded by a world of people who loved her. 05am*
